PROFILE

Web developer who is a lifelong learner and adventurer with an unlimited desire to learn more about cutting-edge technologies. I enjoy development because of the satisfaction I get by overcoming challanges. I am motivated by the opportunity that software provides to positively impact the life of an individual, and the world as a whole.

WORKING HISTORY

Software Engineer at Sahibinden, Freelancer
January 2020 - Present

- Delivered over 20+ fullstack Web Applications with PHP/Laravel and React
-Worked with fellow developers and completed Movie Recommendation system with Collabrative Filtering.
-Developed 5+ DApp, front to back including testing on the ETH Blockchain with Solidity, Truffle, Javascript and React
-Gave beginner online lessons to other students about Javascript, Solidity and Python.

Education

Student, Pamukkale University, Denizli
September 2019 - September 2022

INTERNSHIP
